

Salon guidelines

Arrival

Please arrive promptly for appointments to avoid cancellations or reduced treatment times.

Timings

Please be aware that the time specifications are the minimum treatment times for each treatment.

Consultations

are included in all treatments unless specified.

Contra indications

We carry out a full consultation before conducting any treatment. Some of our treatments cannot be carried out if you are taking medication or you are pregnant, if you are unsure about any treatment please ask when booking to avoid disappointment on the day.

Mobile Phones

Please could all clients please switch off mobile phones and refrain from using them other than for emergencies in the salon as a gesture of good will for clients trying to relax.

Skin tests

If specified a patch test 48 hours prior to the treatment is required to ensure there are no allergies to the products used.

Friends and children

Due to our salons being busy we regret we cannot cater for children and friends waiting in the salon while you have your treatment.

Under 16s

All our chemical treatments superficially effect our bodily functions therefore we regret they cannot be carried out on clients under the age of 16. (Clients must be over 12 years of age for non chemical treatments on hair).

Treatment Availability

Not all treatments will be available at all times due to remission for training time for therapists, and are subject to courses taking place.

We strive to be a professional salon but please remember we are a teaching and learning environment. The College warmly welcomes applications from all members of the community. Our aim is to provide an environment that supports and enables people with disabilities.

the salon

Beaufort road, Ashton-under-lyne, OL6 6NX

colour correction services

Colour correction services will need to be quoted during consultation. Prices are given as a guide and may change during the service, based on product quantities required.

Cleansing rinse/
lightening cleanse £12.00 per 30g

This is needed to remove previous colour build up, generally on darker hair colours.

Pre-pigmentation

Perfection from £5.00 per application

Colour from £10.00 per application

This is required when changing previously lightened hair to a darker colour.

Bands from £5.00

Used to remove or even out bands of darker or lighter colour throughout the hair.

Pre soften from £3.50

Required for resistant hair, to assist in better coverage.
