

Salon guidelines

Arrival

Please arrive promptly for appointments to avoid cancellations or reduced treatment times.

Timings

Please be aware that the time specifications are the minimum treatment times for each treatment. Treatments may take longer due to being a training environment.

Contra indications

We carry out a full consultation before conducting any treatment. Some of our treatments cannot be carried out if you are taking medication or you are pregnant, if you are unsure about any treatment please ask when booking to avoid disappointment on the day.

Skin tests

A patch test is required 48 hours prior to the treatment to ensure there are no allergies to the products used.

Friends and children

Due to our salons being busy we regret we cannot cater for children and friends waiting in the salon while you have your treatment.

Under 16s

All our treatments superficially effect our bodily functions therefore we regret they cannot be carried out on clients under the age of 16.

Treatment Availability

Not all treatments will be available at all times due to remission for training time for therapists, and are subject to courses taking place. Please ring the salon to check beforehand.

We strive to be a professional salon but please remember we are a teaching and learning environment.

The Salon at Tameside One is a training establishment. Each service is individual due to learners progressing at various paces. On occasions some client requests may not be suitable for the training environment.

The College warmly welcomes applications from all members of the community. Our aim is to provide an environment that supports and enables people with disabilities.

The Salon
Tameside One
